

DISCLOSURE STATEMENT

FOR ALL SUBDIVISIONS CONTAINING NO MORE THAN FOUR PARCELS.

YOU SHOULD READ THIS DISCLOSURE STATEMENT BEFORE YOU SIGN ANY DOCUMENTS OR AGREE TO ANYTHING.

This disclosure statement is intended to provide you with enough information to make an informed decision on the purchase, lease or acquisition of the property described in this statement. You should read carefully all of the information contained in this disclosure statement before you decide to buy, lease or otherwise acquire the described property.

Various public agencies may have issued opinions on both the subdivision proposal and the information contained in this disclosure statement. Summaries of these opinions are contained in this disclosure statement. They may be favorable or unfavorable. You should read them closely.

The Board of County Commissioners has examined this disclosure statement to determine whether the subdivider can fulfill what the subdivider has said in this disclosure statement. However, the Board of County Commissioners does not vouch for the accuracy of what is said in this disclosure statement. In addition, this disclosure statement is not a recommendation or endorsement of the subdivision by either the County or the State. It is informative only.

The Board of County Commissioners recommends that you inspect the property before buying, leasing or otherwise acquiring it.

If you have not inspected the parcel before purchasing, leasing or otherwise acquiring it, you have six (6) months from the time of purchase, lease or other acquisition to personally inspect the property. After inspecting the parcel within the six (6) month period, you have three (3) days to rescind the transaction and receive all your money back from the subdivider when merchantable title is revested in the subdivider. To rescind the transaction you must give the subdivider written notice of your intent to rescind within three (3) days

§§ 47-6-17(a) NMSA 1978 requires each county to declare regulations setting out the county's requirements for disclosure statements. §§ 47-6-17(b) and (c) set out the minimum required disclosures for subdivisions with 5-99 (paragraphs 1-34, below) and 100 or more parcels (paragraphs 1-42, below). Counties have the authority to adopt more stringent disclosure requirements. (47-6-9(a)(14) NMSA 1978). Since the additional disclosures required by § 47-6-17(c) NMSA 1978 are not burdensome, counties should consider requiring those additional disclosures for subdivisions with from 5 to 99 parcels. This will enable counties to use a single disclosure statement for all subdivisions.

There are no minimum standards for disclosure statements for subdivisions with from 2-4 parcels, but counties have the authority to require disclosure statements for such subdivisions. It is recommended that counties consider requiring the same disclosures for these small subdivisions as are required for larger ones. At a minimum, counties should consider requiring disclosures related to title, access, water availability and quality, liquid waste, and terrain management for subdivisions with 2-4 parcels.

after the date of your inspection of the property.

County regulations require that any deed, real estate contract, lease or other instrument conveying an interest in a parcel in the subdivision be recorded with the Roosevelt County Clerk.

Building permits, wastewater permits or other use permits must be issued by state or county officials before improvements are constructed. You should investigate the availability of such permits before you purchase, lease, or otherwise acquire an interest in the land. You should also determine whether such permits are requirements for construction of additional improvements before you occupy the property.
