

Tenant Users Liability Insurance Protection (TULIP)

Purpose

Provides low-cost general liability coverage to third party users of various county-owned venues and facilities for events such as weddings and birthday parties.

Cost and Coverage

Third parties can obtain a free quote for their event and download a sample event policy. A link to a sample policy is at the bottom of each page of the online application.

How

When a resident rents a county-owned facility or venue, direct them to obtain a free quote for liability coverage for the event and to purchase a policy at <u>https://gatherguard.com/</u>.

- 1. Click the 'Get a Free Quote' button.
- 2. Choose the type of event you will host.
- 3. Answer some questions about the event.
- **4.** Search for your county venue. If you are unable to find the venue or do not have a venue code, call your county to ensure it is a rentable facility and is included in the insurance program.

Venue 🛈

Use a venue code	Search for a venue
enue code ①	

5. Answer questions about any vendors who will participate in your event.

Performers, Vendors and Exhibitors Help with this section.

Leave at zero if there will be none, or, if they will provide their own insurance. This coverage offers protection for **you**, should a claim arise as a result of uninsured performer, vendor, or exhibitor negligence. Depending on your event, only some or none of these categories will apply.

How many bands, DJs, dance troupes, or other types of performers have you hired for your event, *that have not provided you with proof of insurance?*

A band counts as one performer.

6. Review the insurance policy details and purchase coverage. Use this page to make any edits. Details about the coverage pricing are provided on the right side of each screen as you fill out the application.
